www.b-temple.org

General: The HHS committee aims to provide programs and services on issues related to the physical, mental and social well being of our community. If you wish to help our community or would like to join the Health and Human Services group, please contact Dr. Akkaraju Sarma. If your professional interests gravitate to a focussed presentation, please inform and we will try to accommodate. Kindly inform your friends and others who could benefit from these forthcoming programs. For more information, please see www.b-temple.org and follow the link to HHS activities.
