General: The Health and Human Services Committee (HHS) will have a community oriented program on **April 18, 09 from 10 am to Noon**. All devotees and interested are invited to actively participate. This will be the time to ask questions on diabetes that you were concerned but hesitant to ask! The program lead person will be one that has diabetes and how this individual is managing with this problem. We will have discussions on related issues, food, overweight and risks for diabetes. Please spread the word to all that could benefit from this important program. Access to many professionals after the session will be available.

You may submit your questions ahead to contact persons for incorporation in the workshop for discussions.
